verse 1

Eb All the things you haven't seen	Eb Everything that lies between
Bb Pages you have yet to turn	G# Lesson you will never learn

Bb Just waiting for a reason	G# Waiting for the real thing

G# But I've got time and you've got time	Bb Remember when the stars aligned
Gm And everything we did we did together	G#
G# And I don't mind if you don't mind	Bb And even if it all falls down
Gm It's just another chance to make it better	G#

Eb I'm ready	Bb I'm waiting
Eb I'm waiting for what will come	Bb
