

What Will Come
Travis

Intro: C D Bm C (x2)

verse 1

G		G
All the things you haven't seen		Everything that lies between
D		C
Pages you have yet to turn		Lesson you will never learn
G		G
All the things you should have said		Glued forever in your head
D		C
Just waiting for a reason		Waiting for the real thing

C		D
But I've got time and you've got time		Remember when the stars aligned
Bm	C	
And everything we did we did together		
C		D
And I don't mind if you don't mind		And even if it all falls down
Bm	C	
It's just another chance to make it better		

G	D	G	D
I'm ready		I'm waiting	
G	D	C	
I'm waiting for what will come			

verse 2

G		G
Cause it's you I like so don't be shy		Just walk on up before you die
D		C
But here we go again		You say you're not my friend
G		G
Then I'll be sad and you'll be mad		And we'll forget the thing we had
D		C
And blame it on the season		Never on the reason

C		D
But I've got time and you've got time		Remember when the stars aligned
Bm	C	
And everything we did we did together		
C		D
