

Where You Stand  
Travis

intro **Ema j7 A B C#m** x2

Verse

**Ema j7 A**  
Bumper car me left or right  
**B C#m**  
I'll take a thousand knocks  
**Ema j7 A**  
There's a happy man in there  
**B C#m**  
And you won't blink your eyes  
**Ema j7 A**  
Like all the things you lost before I  
**B C#m**  
Right where you left me you know-oh  
**Ema j7 A**  
Like all the things you found

Mmm mmm  
**B C#m**  
Don't taste them just swallow them whole

**C#m A**  
I forfeit my time  
**B C#m**  
And wait  
**C#m B**  
While you make up your mind  
**Ema j7 C#m**  
So tell me  
**C#m A B C#m**  
If you ever find your flag  
**C#m B Ema j7 C#m**  
Cause I will be right by you where you stand

Verse

Emaj7                    A  
Lift me up or tear me down  
          B                                    C#m  
I'll stand right up again  
Emaj7                    A  
There's happy soul in there  
          B                                    C#m  
But you won't let him in  
Emaj7                    A  
Like all the things we say before me  
B    C#m  
Crumble and fall to the floor  
Emaj7                    A  
Like all the things we try

Aye aye  
          B                                    C#m  
I know where it's headed and so

          C#m                    A  
I forfeit my time  
          B                                    C#m                    B                    Emaj7  
And wait while you re-make up your mind up  
C#m  
So tell me  
C#m                    A                    B                                    C#m  
If you ever find your flag  
C#m                                    B                                    Emaj7                    C#m                                    C#m A B C#m  
Cause I will be right by you where you stand  
          C#m                    B                                    Emaj7                    C#m  
Oh I will be right by you where you stand

## Bridge

A  
I will deliver  
B                                    C#m                                    A  
Where you stand I will not fall  
A    B  
Where you stand there is no ocean  
          C#m                                    A  
Nor a river nor a shore

E  
I fall into line

B

And wait while you make up your mind
