Alone Or With Friends Tribes

My first EVER go at translating some chords, turns out they re pretty simple!

Let me know any improvements. Intro: G I see colours, well I can t quite work out why Am I at the bottom of the ocean, or way up in the sky? Am I alone or with friends? I hear thunder, and a thousand words in song A symphony so beautiful I had to sing along Am I alone or with friends? C I lie awake, to find old lovers hands Writing messages in the sand C I feel cold and the the air s too thin to breath. Now you couldn t possibly imagine how much of you I need Am I alone or with friends? I lie awake, to find old lovers hands Em Writing messages in the sand Guitar Solo: Best on electric, you can bend the notes country style ---7/10---7--5--3----7/10---8--7--5---_____

Just let go and let your body do the work

C D Em G

Like an angel made of stone into dust

C D Em G

And if the universe is kind they 11 leave our soul behind

C G

Then bury me way out at sea

D

Just you and me

C D G

Just let go and let your body do the work

C D G

Like an angel made of stone into dust

C D Em G

And if the universe is kind they 11 leave our soul behind
