Intro Keyâ€™s: **Fm Cm Bes**

Tutti: **Fm Cm Bes**

Fm Cm Bes
Shut down, when I saw the look in your eyes

Fm
I didnâ€™t see it coming baby, knocked out

Cm Bes
When you told me you needed time
To see if I would miss you maybe

Fm Cm Bes
You never told me that you felt this way, not today
You let me know that thereâ€™s no other way, what can I say

Fm Cm Bes
Iâ€™m knocked out, now you wanna do it alone

G# Bes G# G
I canâ€™t believe what just happened in here

Fm Cm Bes (repeat scheme)
You promised me that you would never ever leave me alone
That no one could replace me
You told me youâ€™d forgive me and forget the things I did wrong
Cause thatâ€™s how much you love me
Push me away, what is going on?
Donâ€™t tell me lies, something here is wrong

Honestly my love, this is not the time to give up, no

Fm Cm Bes 2x
(No itâ€™s not the time, not the time)

Fm Cm Bes (repeat scheme)
Touch down, when I see the look in your eyes
How long have you been faking baby?
Knocked out, when did you start living a lie?
You should have tried a little harder maybe
I never guessed that you would walk away, not today
I would have thought that we could find a way and make that change
Knocked out, so you gonna do it alone, no

G# Bes G# G
I canâ€™t believe what just happened in here

Fm Cm Bes (repeat scheme)
You promised me that you would never ever leave me alone

That no one could replace me
You told me youâ€™d forgive me and forget the things I did wrong
Cause thatâ€™s how much you love me
Push me away, what is going on?
Donâ€™t tell me lies, something here is wrong
