Verse:

G C
Barefoot in the bed of your truck,
G C
On a blanket lookin up.
G Em
Half a moon peekin down at us,
D C
From underneath the clouds.
G C
Teenage kids sneakin out again,
G C
I heard the thunder rollin in.

We were fallin the moment when,
D C
It all came pourin down.

Refrain:

C G
The Georgia rain on the Jasper county clay,
C D
Couldn t wash away what I felt for you that day.
G C
Just you an me down an ol dirt road,
G Em C D G
Nothin in our way except for the Georgia rain.

1x G C

Verse:

G C
The cotton fields remember when,
G C
Flash of lightnin drove us in.
G Em

We were soaked down to the skin,
D C
By the time we climbed inside.
G C
I don't remember what was poundin' more,
G C
Heart in my chest or the hood of that Ford.
G Em
As the sky fell in and the storm clouds poured,
D C
Worlds away outside.

Refrain:

C G
The Georgia rain on the Jasper county clay,
C D
Couldn't wash away what I felt for you that day.
G C
Just you and me down an old dirt road,
G Em C D G
No one saw a thing except for the Georgia rain.

2x G C

G C
Screen door flappin' in the wind,
G C
Same old house I grew up in.
G Em
I can't believe I'm back again,
D C
After all these years away.
G C
You fixed your Daddy's house up nice,
G C
I saw it yesterday when I drove by.
G Em
Looks like you've made yourself a real good life,
D C
What else can I say?

Refrain:

C G
The Georgia rain on the Jasper county clay,
C D
Couldn't wash away the way I loved you to this day.
G C

The old dirt road s paved over now,
G Em C
Nothin here s the same except for --

Refrain:

C G
The Georgia rain on the Jasper county clay,
C D
Couldn t wash away the way I loved you to this day.
