```
B                     G#m
Ask me how much you mean to me
              E          C#m        F#
And I wouldn t even know where to start
B                     G#m
Ask if this love runs deep in me
                      E           C#m        Eb
And you won t find a deeper love in any heart
G#m       E                   F#              E
You could say you couldn t live one day without me
G#m       E               F#              E
You could say all of your thoughts are about me
B           E           C#m               B
You could think no other love could be as strong
E           G#m
But you d be wrong
E         F#
You d be wrong
```

Chorus:

```
      B                           G#m
If you say that you love me more than anybody
    E                     G#m    C#m
Than anyone s ever been loved before
E                     C#m
As much as you love me, baby I ll still love you
                        B  F#  B
Baby, I ll still love you more
C#m     F#          B
I ll still love you more
```

Verse 2:

```
B                     G#m
Ask me just what I d do for you
```

```
         E           C#m     F#
And I ll tell you I would do anything
B                G#m
Ask if this heart beats true for you
                     E       C#m       Eb
And I ll show you a truer heart could never be
G#m     E               F#              E
You could say there s not a star that you won t bring me
G#m     E               F#              E
You could say there ll be no day that you won t need me
B       E           C#m         B
You could think no other love could last as long
E           G#m
But you d be wrong
E       F#
You d be wrong

      B                           G#m
If you say that you love me more than anybody
      E               G#m   C#m
Than anyone s ever been loved before
E                       C#m
As much as you love me baby, I ll still love you
                       B   F#   B
Baby, I ll still love you more
C#m         F#        B
I ll still love you more
