Intro: **C# Fmin G# Gm7** (x2)

Verse:

**C# Fmin G#**  
Wish I would have listened to myself  
**Gm7**  
You would have thought I d known better  
**C# Fmin**  
Shouldn t trust my heart this time  
**G# Gm7**  
With a mind that changes like the weather  
**C# Fmin G# Gm7**  
The scars will fade away, I may never be the same  
**C#**  
But you can t start a fire in the pouring rain  
Never say never

Now I hear you re back to your old self  
And I still can t imagine  
Why you take something good like love, like us  
And pretend it never happened  
You ll look back one day  
And you ll wish we still had that flame  
But you can t start a fire in the pouring rain  
Never say never

CHORUS:

**C#** **G#** **Fmin**  
You said you would  
**Gm7**  
Never let me go  
**C#** **G#**  
You promised me  
**Fmin** **Gm7**  
Our love, written on the wall  
**C#** **G#** **Fmin** **Gm7**  
Felt so easy  
**C#** **Eb**  
Well I shoulda known better...  
To never say never

Verse:

Gotta be careful what you give  
You never know, just what you ll get  
Who knows maybe the best  
Hasn t happened yet  
Some days I still feel the same  
My love, it still remains  
Wish I could start a fire in the pouring rain

CHORUS:

You said you would  
Never let me go  
You promised me  
Our love, written on the wall  
Felt so easy  
But I shoulda known better...  
To never say never

Instrumental/ Ad libs: **C# Fmin G# Gm7** (x2)

Bridge:

**C#** **Gm7**  
You told the whole world you were all mine  
**Fmin**  
You put it in my head, that we were doing fine  
Am I the only one who remembers  
**C#** **Gm7**  
It doesn t matter now, if you change your mind  
**Fmin**  
Cause I won t be around, when you realize  
**C#** **Eb**  
Nothing really lasts forever  
  
**C#** **G#** **Fmin** **Gm7**  
Flames in the sky  
**C#** **G#** **Fmin** **Gm7**

And there s smoke in my eyes, oh honey

**C#            G#            Fmin   Gm7**

You set me free

**C#**

So don t say you miss me

**Gm7**

Just don t say... you miss me

CHORUS:

You said you would

Never let me go

You promised me

Our love, written on the wall

Felt so easy

But I shoulda known better...

To never say never
