[Intro]

G Em G Em

[Verse 1]

G Em G Em
If I could say anything, anything, what would it be?

Good question for a destined reality

C G C G
I would tell you that I love you, even when it didn't show

C G C G
I would tell you that I love you baby, by now I hope you know

C G Em
If you could go anywhere, anywhere, what would you see?

C G Em
Take a step in any direction, it's make believe **G C G**

C G C G
If your mind is always moving, it's hard to get your heart up off the ground

G C G
Yeah, your mind was always moving but your thoughts never made a sound

[Chorus]

C G Em D
We won't break if we let go. You and I already know

C G Am C
We were bound to be set free, even surely, so here we are now

G C
You can say anything

[Verse 2]

C G Em
If I could have it go any way, any way, it'd go like this

C G Em

Take it back to a couple years yesterday, to our first kiss
C G
In that moment I loved you, this isn't how I ever saw it going down
C G
In that moment I loved you, I wish I knew then what I know now.

[Chorus]

C G Em D
We won't break if we let go. You and I already know
C G Am C
We were bound to be set free, even surely, so here we are now
G C
You can say anything

[Bridge]

You should you listen to your heart (you should listen to you your heart)
G
It's gonna tell you what you need (it's gonna tell you what you need)

Oh, you should you listen to your hear-ar-art (you should listen to you your heart)

Oh, it's gonna tell you what you need (it's gonna tell you what you need)

And don't you worry about me (don't you worry about me)

[Chorus]

C G Em D
We won't break if we let go. You and I already know
