Simple As It Should Be

G.....**D**
Put your hands to my hands
.....#.....**Em**
Put your knees to my knees
.....**C**
Put your eyes to my eyes
.....**D**.....**G**
Come on baby compliment me

G.....**D**
Coz I don t think that we
.....*.....**Em**
should ever feel the need to worry

..and so on...

C.....**D**
So time will go
.....**G**
And we may be
....*.....**Em**
Far apart I know
.....**C**
But as far as I can see
.....**D**
This is so good
.....**G**
Thereâ€™s no need for change
.....*.....**Em**
Itâ€™s alright with me
.....**C**
Itâ€™s as simple as it should be

D

.....Simple as it should be

that s the whole song!

U don t have to strum these chords..It sounds better and more tristan-like if u play it

tabs..listen to the song and u ll know what I mean.

there is a lot of ways to play this song this is just an example...

G D # Em

```
---x---3-3---x-----x---x-----x-----x-----|
---x---3-3---x-----3--x---x---3-----x---0--x-----|
---x---0-0---x-----x---x-----2--x---2--x-2-----|
-----0-----0-----0---1---1-----2-----|
-----2-----2-----2-----0---0-----2-----|
-3-----|
```

and so on... but u have o play it pretty fast and find a good rhythm that suits u.. and

it sound s pretty cool

so u just don t be affraid to use your fingers..

listen to the music..if u know what tristan s songs are like than u ll figure it out

and untill than strum the chords.

just play how u think is the best..

that s all!

hope it helps!
