

**Equilibrium**  
**Tristania**

Pretty easy song, enjoy.

(intro) ( **Em C Em D** ) (2x)  
( **B5 G5** )

**Em**

In our eyes  
In our veins  
The circles of fear

**C**

I cling to you

**Am**

Cling to you

**Em**

So cold, so bright

**Em**

Motionless faces  
Park of the wasted

**C**

In the pale gloom

**Am** **Em**

I hang on to you

**C**

In the pale gloom

**D**

I am safe and cool

**Em**

I swim in you  
In your dark rivers

**C**

Dive in your mind

**Em**

Search for your monsters  
Search for resistance

**D**

Sink into the mud

**Em**

Dance in the halls of insanity

**C** **Em**

Yet madness is your highest deed

**D** **Em C Am**

Your vanity

**Em**

Mistress, you made me  
Mistress, you saved me

**C**

In your cold hands

**Am**                      **Em**

I am just a tool

**Em**

Mistress, you made me

Mistress, you saved me

**C**

In your cold hands

**D**

I am safe and cool
