

**Steady Ride Gun Metal Green
Trocahero**

Here s a quick interpretation of the song, play most of the chords as power chords and there s a few bits that are probably not completely accurate.

The main riff can be played as such:

```
|-----|

|-----|  
|-----5-----|  
|-----3-----5-----3-----5-7-----5-7-0-|  
|--3-5----3-5----3-5----3-5-0-----|
```
