Tropidelic

Music and Lyrics by Tropidelic. Tab by Cameron Kisiel.

[Intro]

G C Em D

[Verse]

G C Em D
Sometimes it feels like the sun won t come out tomorrow
G C Em D
Sometimes it feels like there s no harder time then right now,
G C Em D
But it ll be alright cause happiness can be borrowed
G C Em D
From the stranger next to you, if all they share is a smile

[Chorus]

G C
Shake, shake off the cold
Em
Shake off the dust
D
Break with the old
G C
Make no mistake, these two shall pass
Em D
All of your woes will turn into laughs
G C
Just keep the faith, stay on the path
Em D
Give what you take don t dwell on the past
G C
Eyes on the prize don t lose sight of your goals.
Em D G
All of the highs come with the low-oh-oh-ohh-ohs.

[Pre-chorus]

C Em
Sometimes it feels like what s been
D G
broke can t be mended. (Ahh ahhh ah)
C Em D G
Sometimes it feels like there s only one way out, (Woah woah woah)
C Em D G
But somewhere deep inside, a fire burns unattended. (Ahh ahhh ah)
C Em D
All you need s a spark from it to turn this whole thing around.

[Chorus]

G **C**
Shake, shake off the cold
Em
Shake off the dust
D
Break with the old
G **C**
Make no mistake, these two shall pass
Em **D**

[Bridge]

C **D** **Em** **G**
Sometimes it feels like you've lost every inch of your soul
C
Like it was more than you can take,
D **Em** **G**
or more than you can handle, but instead you just learn how to grow
C
It's easier each time
D
You're built up on the struggle
Em **C**
You only know highs from the lows,
Em
And with some faith, you'll find
D
That there's a brighter side.

[Chorus]

(Play twice, first quiet)

G **C**
Shake, shake off the cold
Em
Shake off the dust
