Fault In Our Stars
Troye Sivan

[Verse 1]
G#m
The weight
E
Of a simple human emotion
G#m
Weighs me down
E
More than the tank ever did
G#m
The pain
E
It s determined and demanding
G#m   **E**
To ache, but I m okay

[Chorus]
B
And I don t want to let this go
                    G#m
I don t want to lose control
                E   **F#**
I just want to see the stars with you
         B
And I don t say goodbye
      G#m
Someone tell me why
                E   **F#**
I just want to see the stars with you

[Verse 2]
You lost, a part of your existence
In the war, against yourself
Oh, the lights,
They light up in lights of sadness
Telling you, it s time to go

[Chorus]
And I don t want to let this go
I don t want to lose control
I just want to see the stars with you
And I don t say goodbye
Someone tell me why
I just want to see the stars with you

[Bridge]
  B   **G#m**

```
Don t give it up just yet stay grand
                             E
For one more minute, don t give it up just yet
         F#
Stay... grand (3x)

[Chorus] x2
And I don t want to let this go
I don t want to lose control
I just want to see the stars with you
```
