

**The Quiet**  
**Troye Sivan**

Intro: **Am - C - G - Am - C G**

Verso:

**Am C G**  
Growing distance free of explanations,  
**Am**  
we re getting deeper in this mess.  
**C G**  
Take careful contemplation,  
**Am C G**  
I d rather be spitting blood  
**Am C G**  
than have this silence fuck me up.

verso 2:

**Am C G**  
This separation, time and space between us  
**Am**  
for some revelation.  
**C G**  
You didn t care to discuss,  
**Am C G**  
I d rather be black and blue  
**Am C G**  
than accept that you withdrew.

Pré-Refrão

**Am C G Am C**  
Ah ah, just tell me,  
**G Am C G**  
Say anything,  
**Am C G Am C**  
anything hurts less than the quiet.

Refrão:

**G Am C**  
Just tell me.  
**G Am C G**  
Say anything,  
**Am C G**  
Anything hurts less than the quiet.

Break:

**Am - C - G - Am - C - G**

verso 3:

**Am** **C** **G**  
Used to give each other the world, every bit

**Am**  
I used to be the one you'd come to

**C** **G**  
when it'd all go to shit.

**Am** **C** **G**  
Now I'm left here in the dust,

**Am** **C** **G**  
with the taste of broken trust.

verso 4:

**Am**  
And I don't wanna walk away

**C** **G**  
but you left me no choice,

**Am**  
only talking to myself here,

**C** **G**  
now you muffled your voice.

**Am** **C** **G**  
I'd rather have broken bones

**Am** **C** **G**  
Than feel myself turn to stone.
