

**Its Just Porn Mum
Trucks**

Artist = Trucks

Song = It s Just Porn Mum

this is a wikid song! I hope this tab makes some kind of sense..

Intro and verse = (i dont exactly know but use these chords and it will sound ok)

(**Eb** on 7th fret)

Eb, Bb, C, G#

do this a few times then at the end of the verse, before the chorus, do this:

G#, G#, Eb-(quick movement)-**G#**

Chorus=

Same as verse but with full chords, and do E like this

--0--
--0--
--1--
--2--
--2--
--0--

(it sounds better)

Interlude bit and bit at the end=

C, D (x2 for middle bit, x3 for the end)

End on E

Any problems email me: mirageno1_2002@hotmail.com
or if anyone knows how to do the verse properly. This will do for the moment though.
