C#m

C#m A

Say your last goodbyes

C#m

And she stops and she waits cause she needs you

B

C#m

And your failing eyes to get her through the night

A

C#m

You still remember the way she looked at you

B

And smiled right through a lie

She was turning to say goodbye

A

And I feel so far away from

C#m B

As I stumble over you

A

I felt so far away

C#m B

But this is the chance we waited for

A

And I feel so far away from

C#m B F#m

As I stumble over you

A B

Stumble over

C#m A

C#m A

C#m

C#m A

Another thousand miles

C#m

And you stop and you wait cause you need her

B

C#m

And her failing eyes to get you through the night

A

C#m

Will she remember and every word you said

B

True words will make it right

As you were turning to say goodbye

A

And I feel so far away from

C#m

B

As I stumble over you

A

I felt so far away

C#m

B

But this is the chance we waited for

A

And I feel so far away from

You close your eyes and fall asleep

A C#m B

F#m A B

A

You're closing the door when she needs you

C#m

B

And I feel so far away from

A

She's moving the floor that's beneath you

C#m
