Dark On Fire
Turin Brakes

sorry i put this up first with the F#/Gbm mislabeled as a Fm soo i fixed it and
labeled the chord correctly :)

```
   Bm       F#/Gbm     Gm        D       Em       C#m       Am
e|---7------2-------3------5------------4-------------------|
B|---7------2-------3------7------------3-------1-----------|
G|---7------2-------3------7------------2-------2-----------|
D|---9------4-------5------7------2-----2-------2-----------|
A|---9------4-------5------5------2-----4-------------------|
E|---7------2-------3--------------------------------------|
```

Bm
In the morning,
When you wake up
Daytime fades up
                  F#/**Gbm**   **Gm**
And your make up runs,

           Bm
Just hold on

Bm
It sounds tacky,
but I m hopeful
There s a reason
                      F#/**Gbm**   **Gm**
That the world turns round,
              Bm
Through silent sound

D   **Gm**
Set the dark on fire
D   **Gm**
Set the dark on fire
D   **Gm**
Set the dark on fire
D   **Gm**
Set the dark on fire
C#m   **Gm**
Now oooooohhhhh
Bm
Wooooooo ohhhhh

Bm
I got lost
Inside a memory,
When I was young

```
                    F#/Gbm             Gm
And I almost drowned,
      Bm
I was found

Bm
It sounds tacky
But I m hopeful,
There s a reason
                        F#/Gbm        Gm
That I found the ground
          Bm
And my sirens sound.

D                   Gm
Set the dark on fire
D                   Gm
Set the dark on fire
D                   Gm
Set the dark on fire
D                   Gm
Set the dark on fire
C#m             Gm
Now oooooohhhhh
Bm

(Am)He quickly hits this first
Em                      F#/Gbm                    Bm
So take all that you know and stuff it in a hole,
(Am)Em                  F#/Gbm                    Bm
And in ten thousand years someone will take you home,
(Am)Em               F#/Gbm            Bm
Rewind the words in which you roam

Bm
ahh oooooh ooh
ooooooooh ooh

D                   Gm
Set the dark on fire
D                   Gm
Set the dark on fire
D                   Gm
Set the dark on fire
D                   Gm
Set the dark on fire
C#m             Gm
Now oooooohhhhh
Bm
```
