On weathered stores with open signs

They may as well just close em down.

And there s just two times a day like this

The sun it sets and rises in the morn

And we re shakin hands, I rub my eyes

G D/F# Em

Free up all my alibis

C D G

Just a blinking like the day I was born

C G

Well you ve been a long time gone

D

Good too see you my old friend.

[Outro]

C G D G

And when the rounds were fired that April you were on the balcony

C G D

When ten thousand tear drops hit the ground in Memphis, Tennessee

C G D G

You were a prideful rebel yell among a million marching men.

C G

And you ve been a long time gone

D G

Good to see you my old friend

C G

Well you ve been a long time gone

D G

Good to see you my old friend.
