

Killer Crane
TV on the Radio

Tremendous Song Off Nine Types of Light

B
After the rain
F#
A killer crane
C#
After the rainbow

B
Across the sky
F#
Her graces glide
C#
Across the sea

B F# C#
Across creation
B
And over time
F#
Her gracious light
G#sus4 G#
Escapes its station

B
A cold wind blows
F#
The day bestows
C#
Glum proclamation

B
Leave it behind
F#
Your restless mind
C#
Your jealousies
B F# C#
But isolation
B F# G#sus4 G#
Demands your patience

That we found together in time just to say

C# **F#**
Sunshine I saw you through the hanging vine
C# **B**
All memory of what was mine fading away
C#
And as night heals the ground
C#
And the moonlight steals the sound
C# **G#** **C#**
I could leave suddenly unafraid

B
And after all
F#
We re free to fall
C#
Once all the pain goes
B
And how we stood
F#
And what was good
C#
Could last so long

B **F#** **C#**
In isolation
B **F#** **G#sus4** **G#**
A transformation

B **F#**
The breath that leaves me
C#
Leaves me blue
B **F#** **C#**
And all the ? to see it through
B **F#** **C#**
This laugh of love and lie tingle
B
A killer crane
F# **C#**
After the rainbow

C#
May we find together in time just to say

C# **F#**
Sunshine I saw you through the hanging vine
C# **B**
All memory of what was mine fading away
C#
And as night heals the ground
C#
And the moonlight steals the sound

C# **G#** **C#**
I could leave suddenly unafraid

(Repeat Chords For Chorus)
Sunshine come crawling through the hanging vines
A memory of what is mine fading away
And this night heals the ground
And the moonlight steals the sound
I could leave suddenly unafraid

Sunshine I saw you through the hanging vine
A memory of what is mine fading away
And this night heals the ground
And the moonlight steals the sound
I could leave suddenly unafraid
