The Lyrics in English:

Where are you

When I saw you, long ago
Oh it hurts so bad when I think of it again
When I saw you, long ago
Oh it hurts so bad when I think of it again

I see you, I hear you, I feel you, everytime again
I see you, I hear you, I feel you, everytime again

ooooeh

Here I am, where are you? It is so long ago
Here I am, where are you? It is too long ago

You are nothing else but sweet
Cause you just do nothing wrong
I love you the way you are
Just so you know that now

Here I am, where are you? It is so long ago
Here I am, where are you? It is too long ago

I see you, I hear you, I feel you, everytime again
I see you, I hear you, I feel you, everytime again, everytime again.

Enjoy! :)
