You ve stolen my air catcher

My parachutes will get me

The moon in a pretty contest
**A**                      **G#m**
    And the moon just happened to be
    **C#**
The very first thing that I missed

    I was doing fine on my own
    **Bm**
And there wasn t much I lacked
**A**                     **G#m**
   But you ve stolen my air catcher
    **C#**

And I don t know if I want it back

**F#m**
I won t fall in

Love with fall in
**A**              **C#**

My heart

(**F#m**)                **A**
And judges don t say
(**A**)              **B**
What you want to hear
(**B**)              **D**        **E, F#m**
So I ll write my fears
(**F#m**)          **A**
And I don t believe
(**A**)                **B**
In talking just to breathe
(**B**)              **D**        **E, F#m**
And falling selfishly

**F#m**
I won t fall in

              (**C#**)
I will try to avoid
(**C#**)
Those eyes

(**F#m**)
But now I m here
   (**D**)      (**E**)
To give you words
   (**A**)                (**C#**)
As tools that can destroy
(**C#**)        (**F#m**)
My heart
