[Verse 1]
   G   **Em**
This is the sound we make
 Bm   **A**
When inbetween two places
   G   **Em**
Where we used to bleed
      Bm   **A**
And where our blood needs to be

[Chorus]
G
I could take the high road
Em   **Bm**   **A**
But I know that I m going low
 G   **Em Bm   A**
I m a ban-I m a bandito
G

```
Em                          Bm        A
But I know that I m going low
 G                  Em  Bm    A
I m a ban-I m a bandito

[Verse 2]
G                                            Bm
   In city, I feel my spirit is contained
            A                              G
Like neon inside the glass, they form my brain

But I recently discovered
                   Bm
It s a heatless fire
                  A                        G
Like nicknames they give themselves to uninspire
                                    Bm
Begin with bullet, now add fire to the proof
                              A                        G
But I m still not sure if fear s a rival or close relative to truth
                                            Bm
Either way it helps to hear these words bounce off of you
                        A
The softest echo could be enough for me to make it through

[Bridge]
Bm    Em  G   A
   Folina Sahlo
Bm    Em  G   A
   Folina Sahlo
Bm    Em  G   A
   Folina Sahlo
Bm    Em  G   A

      Bm              Em
I created this world
     G              A
To feel some control
   Bm              Em
Destroy it if I want
    G          A
So I sing Sahlo
Bm    Em  G   A
   Folina Sahlo
Bm    Em  G   A
   Folina Sahlo
