[Intro]

C#   G#   Bbm   G#   F#   G#

[Verse 1]

C#
I do not know
            G#
Why I would go

In front of you
            Bbm
And hide my soul
                  G#   **F#**
Cause you re the only one who knows it
                              G#   **C#**
Yea you re the only one who knows it

C#
And I will hide behind my pride
G#   **Bbm**
To don t know what I think I could lie
                  G#   **F#**
Cause there s a screen on my chest
                        G#
Yea there s a screen on my chest

[Chorus]

C#   **G#**
I m standing in front of you
G#   **Bbm**
I m standing in front of you
    G#   **F#**
I m trying to be so cool
                              G#   **C#**
Everything together trying to be so cool

C#   **G#**
I m standing in front of you

Everything together trying to be so cool

[Verse 2]

C#
I can t see past my own nose

I m seeing everything in slow-mo
G#
Look I ll be low crashing down to the ground
                              Bbm
Just like a vertical loco-motive that s a train
          G#
In my painting a picture that s in my brain
F#                               G#
A train from the sky locomotive my motives are insane
C#
My flow s not great

Okay
                    G#
I conversate with people who know if I flow
                            Bbm
When my song got no radio play
                    G#
While you re doing fine

There s some people and I
F#
Who have a really tough time

Getting through this life

So excuse us

While we sing to the sky

[Chorus]

C#                          G#
I m standing in front of you
G#                          Bbm
I m standing in front of you
    G#                  F#
I m trying to be so cool
                         G#      C#
Everything together trying to be so cool
