Refrão:
   В
I m never what I like
I m double sided
And I just can t hide
I kinda like it
В
When I make you cry
                  G#m
Cos I m twisted up
I m twisted up... inside
Verso 2:
    G#m
The horrors of the night melt away
Under the warm glow of survival of the day
                    G#m
Then we move on, my shadow grows taller along with my fears
And my friends shrink smaller as night grows near
When the sun is climbing window sills
And the silver lining rides the hills
I will be saved for one whole day
```
