

He s seen too many stare downs  
Between the sun and the moon  
In the morning air  
How he used to hustle all the people  
Walking through the fairgrounds  
He s been around so long  
He s changed his meaning of a chair now  
Because a chair now,  
Is like a tiny island in the sea of all the people  
Who glide across the very surface  
That made his bones feeble  
The end can t come soon enough  
But is it too soon?  
Either way he can t deny  
He is a pantaloon
