

Whisper
twenty one pilots

D G
A brave man said,
A D
You put a name to a song
D G A D
And it won't change no matter what goes wrong.
D G A D
I'll try my best to find a face and a name
D G A D
I'll sing until we both are one and the same

C F G C x2

D G A D
Didn't have much time to see why I was found
D G
Had to say goodbye
A D
As time ran out
D G
Sail across the world
A
Just to find a pearl
D
On the other side
D G
Hope the pearl won't forget this song
A D
And won't forget the sky

Bm A
I don't know what I should give,
D G
Or what I'm to sing
Bm A
All I can do is give you this
D G
And let my heart play
D G
I know your face
D A
Let this song whisper your name

D G A D
