

Amydst The Mist
Twiddle

[Intro]

Am **G/B C**
A country crisp sunlight
Dm **Em F**
Peaking through my window at night
Am **G/B C**
A sour taste of spice
Dm **Em F**
Floating through my living air supply
Am **G/B C**
And earthy shoe untied
Dm **Em F**
Dribbling sketches of a man in stride
Am **G/B C**
A journey months behind
Dm **Em F**
Taking in all that our time could bide

[Chorus]

Am **Em F** **C** **F**
C **G**
Amydst the mist I find there s no escaping all the sadness that keeps on making
your time collide and tumble
down
Am **Em F** **C** **F**
C **G**
And in these faults of life I find you can avoid the crowded noise and scrape
off all your worlds foul resin
Am **G/B C**
The candy cage of life
Dm **Em F**
Wasting riches from our mothers eye
Am **G/B C**
A tiny twist of dice
Dm **Em F**
Bubbling through us like warm boiling ice
Am **G/B C**
A static stage unwired
Dm **Em F**
Drifting sweetly till their lives entwined
Am **G/B C**
Four simple minds inspired
Dm **Em F**
Creating potions from their souls combined

[Chorus]

Am **C** **Em F** **C** **F**
C **G**

Amydst the mist I find there s no escaping all the sadness that keeps on making
your time collide and tumble
down

Am **Em F** **C** **F**
C **G**

And in these faults of life I find you can avoid the crowded noise and scrape
off all your worlds foul resin

Am **G/B C**
The creepy crunch of leaves
Dm **Em F**

Walking on a path of broken seams

Am **G/B C**
And than she strips my trees

Leaving nothing but a sharp stiff breeze

Am **G/B C**
Amidst the mist I find
Dm **Em F**
All the answers that life tries to hide
Am **G/B C**
A blissful truth unkind
Dm **Em F**
Scarring sweetly in my frame of time

[Chorus 2]

Am **Em F** **C** **F**
C **G**

Amydst the mist I find there s no escaping all the sadness that keeps on making
your time collide and tumble
down

Am **Em F** **C** **F**
C **G**

And in these faults of life I find you can avoid the crowded noise and scrape
off all your worlds foul resin
