

**Overthinking**  
**Twin Atlantic**

[Intro] x2

**E E C#m B** [Strum each chord twice]

[Verse]

**E**

Spent my whole life

**A**

Living in sandstone and looking at blankets

**E**

Of clouding beating down

**A**

The ground is my mirror and I m never shaking off this crown

**E**

I poisoned the park

**A**

Built walls around the river. A bridge to the power

**B**

To pump it all out

**A**

They stab in the front here when a violent silent anchor drowns

**B**

To pump it all out

**A**

They stab in the front here when a violent silent anchor drowns

[Chorus]

**E F#**

My big deal, my big mouth

**A**

I move in, you blackout

**E F#**

I m too scared, you re so proud

**A**

Get one more easy round

**E F#**

We step up and you freak out

**C#m A**

My silence has paid out

**E F#**

Stop shaking, stop shaking

**A**

I m right here overthinking

[Verse 2]

**E**

Decent but dead

**A**

Over the top, naked torso a sunbathed

**E**

Terraced row house

**A**

Put my petals in the water. We all can smell like roses now

**E**

Oil rainbow

**A**

On the surface its beauty confuses it s lethal

**B**

Like an engine for drugs

**A**

The fuel is my words but the building keeps on burning down

[Chorus]

**E F#**

My big deal, my big mouth

**A**

I move in, you blackout

**E F#**

I m too scared, you re so proud

**A**

Get one more easy round

**E F#**

We step up and you freak out

**C#m A**

My silence has paid out

**E F#**

Stop shaking, stop shaking

**A**

I m right here overthinking

[Bridge]

**B**

I m never done, I ll never be done

**C#m**

I m never done, I ll never be done

**B**

I m never done, I ll never be done

**C#m**

I m never done, I ll never be done

**B**

I m never done, I ll never be done

**C#m**

I m never done, I ll never be done

I m never done, I ll never be done
