## Five Seconds Acoustic Twin Shadow

Transcribed this from Twin Shadow (George Lewis Jr.) s solo electric performance of Five

Seconds at SiriusXMU Sessions: http://www.youtube.com/watch?v=-E-1\_J-2954. It s

simple but such a good version of the song.

There s a few little riffs in there that I didn t tab out, but this is the basic idea of

the song. It should be all right unless I missed a typo or two.

My first tab so let me know what you think. Have fun!
