

**Shooting Holes**  
**Twin Shadow**

**F#m**

Bite the hand, I know she doesn't care

**E**

Leave the trail, the hounds will find us anywhere

**F#m**

Call the cops and tell 'em what we've done

**E**

Tell 'em that tonight we stole your father's guns

**D F#m E**

With your right hand, you saying

**D F#m E**

I think we're gonna be so close

**D F#m**

Let's sing a song on our way back home

**E D**

You and me, shooting holes at the moon

**F#m**

You and me, (on our way back home) shooting holes at the moon

**F#m**

Take my hand, there's no one here to see

**E**

Push your bones against the earth, believe

**D F#m E**

With your right hand, you saying

**D F#m E**

I think we're gonna be so close

**D F#m**

Let's sing a song on our way back home

**E D**

You and me, shooting holes at the moon

**F#m**

You and me, (on our way back home) shooting holes at the moon
