Two Steps From Hell - Back to the Earth  
-----

**F C F C**

**F** **Dm**  
Look at your watch with a perilous gaze

**F C F**  
A troubled stare

**F** **Dm**  
And when I ask where do we go

**A# C F**  
Say you don't care

**A# F**  
Call on me

**Dm C A#**  
When the day is dark

**C A#**  
Never too late, you're underrated

Whatever your sins, whatever your loss  
Your cup is filled  
There is no way to turn back the clock  
No one will

Call on me  
There's fire in your heart  
Lying in wait just like a lion

**A# F**  
Maybe we should go back to the earth

**Dm Am**  
And live off the sun

**D# Gm**  
Maybe we should crawl in the dirt

**A# C**  
Before we run

A thousand years of art and song  
Love and war  
Tell me why you joined the club  
What are you fighting for

All hands on deck  
A suicide race

Prop up the good and smother the hate

The wall is high the sun is low  
The four winds roar  
Wide-eyed children fill the streets  
To take back the score

There is no truth  
That lies can make  
No willing soldiers in the wake

Maybe we should go back to the earth  
And live off the sun  
Maybe we should crawl in the dirt  
Before we run

**D Am**  
And the same goes for us  
**D Am**  
Born from the same rain and dust

**C G**  
Maybe we should go back to the earth  
**Em Bm**  
And life will grow  
**F Am**  
And the river soon to return  
**C D**  
And a plan unfold
