

Aching

Two:22

C# **E**
My heart s been aching, slowly breaking
G#m **F#**
Be here waiting, lonely fading
C#m **E**
Said forever, you said never
G#m **F#**
Wish we could just be together

C#m **E**
Always lost, I m led astray
G#m **F#**
And now I m found in disarray
C#m **E**
I m burnin down through everyday
G#m **F#**
Yeah, I m the one to disobey

C#m
Losin my thought
E
Yeah, it make me feel lost
G#m
When I come and hear the shots
F#
I m running with no exhaust

C#m
Yeah, I m coming for the spot
E
And I m colder than the frost
G#m
So I hope you not forgot
F#
Yeah I hope you not forgot

C#m **E**
Wanna hurt me, understand
G#m **F#m**
They seem to need the upper hand
C#m **E**
I ll show you how I will expand
G#m **F#**
They shake their heads like its unplanned

G#m **E**
Keep on going, get whats wanted

G#m **F#**

Bleed until the blood is clotted

C#m **E**

By these dreams, I think I m haunted

G#m **F#**

Tied me up, fastened, and knotted
