ANIMAL

(Tyla)

NOTE: Cap strings at second fret, but the chords are without Cap strings, so using cap strings at second fret the chords are:

A => G
E7 => D7
D => C
F#m => Em

A E7 A
With your animal disregard for human emotions
E7 A
you stalk your prey long past it s sell-by date
D A
Though I m sure your intentions were honourably selfish
E7 A
your one flash moment has taken another away,

D A
is it any wonder people take the law in their own hands,
E7 A
is it any wonder why no-one understands

A G#/A F#m
What has to happen before anything gets done
D E7 A
You re no animal but you sure do act like one (x2)

A E7
But to quote I have no doubt the correct bureaucratic procedure
D A
will soon be established, so we can hold our heads up high,
A
and the misery of vanity
A
has been banished form our lives.
E7 A
And the serenity of religion has long ago shot itself in the foot

D A
is it any wonder people take the law in their own hands,
E7 A
is it any wonder why no-one understands

A G#/A F#m

What has to happen before anything gets done
