GROWIN UP

(Tyla)

D C B/G (except where noted)

We all fall out of love in and out I have no doubt
I have no doubt we all fall out, in and out in and out
broken hearts, broken noses neon wine and neropuses in and out in and out

G

I don t think it s something I ate or drank or threw up on the plane
I just think it s something called

D C B/G

growin up,

D C B/G

i think it s growin up

Have fun leave me alone put a feather on my throne
gun rack girl in bed, dirty dreams in west Hamstead
vanity greed insanity breeds
I don t need to drop on my knees, in and out

G

I don t think it s something I ate or drank or threw up on the plane
I just think it s something called
