The colour t.v and the a.c
someones drawing in the pool
where you pay to be insulted
you pay to be confused
you pay to be forgotten and mentally abused
you pay with hotel life you can t lose

It seems if you can afford to pay for a bed
and a meal and a drink or two it seems
it pays these so called curtions eyes...

This is the invasion of your privacy
your virgin room got raped
invasion of your privacy
your virgin credit isn t rated
this is hotel life, you can t buy
you decided to be honest
then you think...why ?
