WHERE WERE YOU
(Tyla)

C C/B Am G F G x2

C C/B Am G
Where were you when I needed you

And I slept through all of those lies

F G
Jimmy Palace was just a name
C C/B Am
And a picture of me long gone
F G
A liar is a fool who cheats on himself
C C/B Am F G C
To his own disbelief then complains

F G
Where were you when I needed you
Em Am
You were lying in some bar
F G
Where were you when we all needed you
C C/B Am
A view from afar
F G C
I love you from afar

Drank, got drunk kicked the walls down that stunk
In that alcoholic kiss of hate
Stuck into you force fed on grain
Ridden plate

Jimmy Palace was just a name
And a picture of me long gone
A liar is a fool who cheats on himself
To his own disbelief then complains

Where were you when I needed you
You were lying in some bar
Where were you when we all needed you

A view from afar
I love you from afar

F **Em** **Dm** **C**

I disappear for the rest of your life

F **Em** **G**

Jimmy Palace was just his name
A picture of me long gone
A liar is a fool who cheats on himself
To his own disbelief then complains

Where were you when I needed you
