WOMAN OF MY DREAMS

(Tyla/Price)

[C E7 Am F (x2) Fm]

Well the chances of meeting anyone these days
they re getting slimmer by the minute
Are you hiding in another town the doxy of my choice
all my one might stands wearing thin
can you hear it in my voice
hear it in my voice...

If I d met the woman of my dreams tonight
things might be different, or I hope they might, I hope they might

[C E7 Am F (x2) Fm]

Your charms seem vaguely familiar to someone I once knew
your graces likewise similiar to someone I let go

Are you hiding in another town the doxy of my choice
all my one might stands wearing thin
can you hear it in my voice
hear it in my voice...

If I d met the woman of my dreams last night
things might be different, or I know they might, I know they might

[Solo : Am F C E7 (x4)]
