G Em  
George Strait blastin in the background County fair big night in a small town  
C D G  
Barely fifteen my dad had to drop us off  
G Em  
Folded money tucked in my back pocket Only goal was walking out with none of it  
C D G  
Our first date but I was already in love

C  
With that August moon hangin low in the sky  
G  
You reached out to touch it from the Ferris wheel ride  
C D  
You didn t know but I was holding on for dear life  
C D  
We went round and round till time stood still  
G Em  
When I think about it now I still get a thrill  
C D C D G C  
We weren t meant for a lifetime But it was love for a little while

G Em  
Ice cream drippin off a sugar cone Out of money didn t want to go home  
C D G  
We snuck right in the door to the fun house  
G Em  
Trick mirrors laughin at the sight of us You were tall and skinny, I was short  
and buff  
C D G  
Makin faces till the ticket guy chased us out

C  
With that August moon hangin low in the sky  
G  
I leaned into kiss you under the arcade lights  
C D  
You touched my hand and I felt like I could fly
