

The Way That She Loves

Tyler Hilton

G **C**
3 a.m., she ll call you up when she s lonely
G **C**
She ll just drive, without a clue where she s goin

G
She ll try to tell a joke, and get the punch line wrong

C
Forget all the words, to her own forget song
Em
And when she walks into the room, she ll set it alight
C
And she ll always be on your side

D **G**
That s just the way that she loves
C
That s just the way that she moves you
Em
She ll take you higher than high
C
Boy you can try, just know you won t ever get enough
D **G** **C**
That s just the way that she loves, woah

D **G** **C**
Well she s gonna cry, before the credits start rolling
G
She s gonna give you her heart, woah,
C
and it s gonna feel like you ve stole it
G
Ah, she ll have her hair pulled back, and your t-shirt on
C
Won t need to take a picture, darlin , cause after she s gone
Em **D**
Yeah you still remember you re gonna be
C
thinking about her every minute all night long

D **G**
That s just the way that she loves
C
That s just the way that she moves you
Em
She ll take you higher than high

Boy you can try, just know you won't ever get enough
She's gonna set you on fire
She's gonna light up your midnight
And if you lose her she's always,
silhouette in the hallway, the one you can't stop thinking of
That's just the way that she loves

That's just the way that she loves
That's just the way that she moves you
Well she'll take you higher than high
Boy you could try, just know you won't ever get enough
She's gonna set you on fire
She's gonna light up your midnight
And if you get to hold her, don't ever let it go
She's something like the sunset, turning everything to gold
That's just the way that she loves
Woah
That's just the way that she loves
Yeah
That's just the way that she loves
