Say Yes
Tyler Meacham

N.C.
I wanna get to know you
I know you felt it when we met
Didn t mean for this to throw you
So will you say yes?

E
We re losing light,
F#m   **C#m**
let s make the slow walk to my car
               E
I m on the way out of town
     F#m   **C#m**
You re on the way out of now
E   **F#m**   **C#m**
And I could let another inkling get away
                E   **F#m**   **C#m**
But something s begging me to stay when you look my way

B   **C#m**   **A**
So can I get a second with you alone?
                    B   **C#m**   **A**
Got a feeling that we need a break from the comfort zone

                   E
And I wanna get to know you
                    F#m
I know you felt it when we met
                      C#m
Didn t mean for this to throw you
      A
So will you say yes?
                  E
If you wanna get to know me
              F#m
You don t need to second guess
                        C#m
I ve been dreaming of what could be
       A
So will you say yes, say yes

E   **F#m**
I ve reached the point, you see
     C#m
I ve left the waiting place
                  E   **F#m**   **C#m**
Though I ve made plenty of mistakes along the way

```
E                       F#m      C#m
Now I notice your veneer
You re self-focused
                    E
Well, same here
              F#m      C#m
Don t let me interfere

B                   C#m                 A
Well can I get a second with you alone?
                        B           C#m         A
Got a feeling that we need a break from the comfort zone

                        E
And I wanna get to know you
                    F#m
I know you felt it when we met
                        C#m
Didn t mean for this to throw you
            A
So will you say yes?
                        E
If you wanna get to know me
                    F#m
You don t need to second guess
                            C#m
I ve been dreaming of what could be
            A
So will you say yes, say yes, say yes

E                   F#m      C#m
Okay, call it how you want it
You take all of me or nothing
        E
It s a tough break
                    F#m    C#m
Maybe there s a reason why

E                   F#m      C#m
I take all the little chances
you waste on lazy romances
E                           F#m      C#m
No babe, I don t wanna stand in line

                        E
Cause I wanna get to know you
                    F#m
I know you felt it when we met
                        C#m
Didn t mean for this to throw you
            A
So will you say yes?
                        E
```

```
If you wanna get to know me
                     F#m
You don t need to second guess
                          C#m
I ve been dreaming of what could be
         A
So will you say yes, say yes, say yes
