Shortcut by the freeway

Locked eyes as you passed me

Two hearts on a cold street

That you feel it too

Tell me are you busy?

And tell me you can stay

A

Cause I'm thinking maybe

[Chorus]

D

For you, I would travel to outer space

Bm

Take a bullet to the heart just to keep you safe

For you, anything for you

With you, all the years just fade away

Like a dream in my arms, but I m wide awake

With you, whenever I m with you
