Thereâ€™s something â€™bout Mary
G#/F#
Never won a pageant
G#
Never felt pretty

Never looked like Cameron

Diaz was her last name
G#/F#
Always been abandoned
G#
Keep your head up
C#add9
Baby girl this is your anthem

Verse2:

Fm7
There goes Hannah
G#/F#
Showin’ off her banner
G#   **C#add9**
Rockin’ that crown make them boys go bananas
Fm7   **G#/F#**
When you’re insecure about yourself, it’s a fact
G#   **C#add9**
You can point a finger but there’s three pointing back, yeah

C#add9
I can see her crying out, yeah
G#
Is there anybody out there?
G#/F#
She’s really counting on your love
                              Fm7
Still struggling an uphill
But you act like you don’t care

G#
Hanging onto the edge til it’s over

Loneliest heart to survive, she said

His name was Adam when his mom had him
G#                     C#add9
Dad was a phantom never took a look at him
Fm7                    G#/F#
He grew up mad and never had a friend near
G#              C#add9
Hated outdoors, always in playing Madden

Verse4:

Fm7                G#/F#
Adam was lonely, drugs were the only
G#                        C#add9
Way out of his own life, now he's slowly
Fm7                 G#/F#
Losing fire and he's close to retire
G#                       C#add9
With one last hope he puts his arms up higher, and

Pre-chorus:

C#add9
I can see him crying out, yeah
G#
Is there anybody out there?
G#/F#
He's really counting on your love
                  Fm7
Still struggling an uphill
But you act like you don't care

C#add9
Right now he could really use a shoulder
G#
Hanging onto the edge til it's over
G#/F#
He's crying for your love tonight
Fm7
Loneliest heart to survive, he said

Chorus:

C#add9                     G#
I don't wanna be left in this war tonight
Fm7                  Ebsus4
Am I alone in this fight? Is anybody out there?
