If you re going out with someone new

Bsus2

I m going out with someone too

Asus2

Bsus2

I won t feel sorry for me, I ll finish this drink

C#m7

But I d much rather be somewhere with you

Laughing loud on a carnival ride, yeah
Driving around on a Saturday night

Bsus2

You made fun of me for singing my song
Got a hotel room just to turn you on

Asus2

You said pick me up at three a.m.
You re fighting with your mom again

Bsus2

C#m7

And I d go, I d go, I d go somewhere with you

Bsus2

Somewhere with you

C#m7

I won t sit outside your house

Bsus2

And wait for the lights to go out

Asus2

Bsus2

Call up an ex to rescue me, climb in their bed

C#m7

When I d much rather sleep somewhere with you

Like we did on the beach last summer
When the rain came down and we took cover

Bsus2

Down in your car, out by the pier
You laid me down, whispered in my ear

Asus2

I hate my life, hold on to me
And if you ever decide to leave

Bsus

Then I ll go, I ll go, I ll go

C#m7

I can go out every night of the week

Bsus2

Can go home with anybody I meet

Asus2

Bsus2

But it s just a temporary high cause when I close my eyes

C#m7

Bsus2

I m somewhere with you, somewhere with you

C#m7

If you see me out on the town

Bsus2

And it looks like I m burning it down

Asus2

You won t ask and I won t say

Bsus2

C#m7

But in my heart I m always somewhere with you

Laughing loud on a carnival ride, yeah

Driving around on a Saturday night

Bsus2

You made fun of me for singing my song

Got a hotel room just to turn you on

Asus2

You said pick me up at three a.m.

You re fighting with your mom again

Bsus2

C#m7

And I d go, I d go, I d go...

Bsus2

Can go home with anybody I meet

Asus2

Bsus2

But it s just a temporary high cause when I close my eyes

C#m7

I m with you.
