Artist: Tyrone Wells

Album: Hold On, 2006

Song: Need

Originally Tabbed by: Neil Fisher, nrfisher@email.unc.edu

Edited and Retabbed by: Dan, dmlogs@gmail.com

Neil got the bridge (pre-chorus) and chorus correct, but the chords for the verse were a more complicated than he initially tabbed. I also added the bridge and the final chorus.

I think I got most of the chords right. There is a fill after the first chorus that I am sure about. But other than that I believe the chords are mostly right.
