

California (There Is No End To Love)

U2

D A  
Bar-Bar-Barbara, Santa Barbara

E F#m  
Bar-Bar-Barbara, Santa Barbara

D A  
Bar-Bar-Barbara, Santa Barbara

F#m B  
Bar-Bar-Barbara, Santa Barbara

D A  
California  
E F#m  
Then we sail into the shallow sea  
D A  
The wind that drags your heart down  
F#m B  
Well, that s what took me where I need to be

D A  
Which is here, Alazzurra  
E F#m  
Watching you cry like a baby  
D A  
California  
F#m B  
At the dawn you thought would never come  
D A  
But it did  
E  
Like it always does

Bm A  
Whoa, oh, you know  
F#m A  
And all I need to know is  
D A  
There is no, yeah, there is no end  
Bm  
To love

D A  
I didn t call you  
E F#m  
A risk can scare a thought away

D                                  A  
Everyone s a star in our town  
F#m                                  B  
It s just your light gets dimmer if you have to stay

D                                  A  
Can you imagine in a mirror  
E                                  F#m  
Watching yourself cry like a baby  
D                                  A  
California  
F#m                                  B  
The blood orange season brings you to your knees  
D                                  A  
I've seen for myself, there's no end to grief  
E  
That's how I know

Bm A  
Whoa, that's how I know  
F#m E  
And why I need to know  
D A  
If there is no, if there is no end  
Bm  
To love

Bm                                  A  
Whoa, oh, you know  
F#m                                  E  
And all I need to know is  
D    A  
There is no, yeah, there is no end  
Bm  
To love

Bm                      A  
 Whoa, oh, you know  
 F#m                      E  
 And all I need to know is  
 D                                      A  
 There is no, yeah, there is no end  
 Bm  
 To love

Bm                      A  
 Whoa, we come and go  
 F#m                      E                      D  
 With stolen days you don t get back  
 A                                      Bm  
 Stolen days are just enough

( D A Bm D )
