INTRO: **Em Bm**

Em **Bm**
Yesterday I spent asleep,
Em **Bm**
woke up in my clothes in a dirty heap
Em **Bm**
Spent the night trying to make a deadline
Em **Bm**
Squeezing complicated lives into a simple headline
Em **Bm**
I have your face in an old polaroid
Em **Bm**
Tidying the children s clothes and toys
Em **Bm**
You re smiling back at me, I took the photo from the fridge
Em **Bm**
Can t remember what then we did

Em **Bm**
I haven t been with a woman it feels, like, for years
Em **Bm**
Thought of you the whole time, your salty tears
Em **Bm**
This shitty world sometimes produces a rose
Em **Bm**
The scent of it lingers but then it just goes

Em **D** **C7M** **Em D Bm**
Return the call to home

Em **Bm**
The worst of us are a long, drawn out confession
Em **Bm**
The best of us are geniuses of compression
Em **Bm**
You say you re not gonna leave the truth alone
Em **Bm**
I m here cause I don t wanna go home

Em **Bm**
Child drinking dirty water from the riverbank
Em **Bm**
Soldier brings oranges, he got out from a tank
Em **Bm**
Waiting on the waiter, he s taking a while to come
Em **Bm**
