

Earth Dies Screaming

UB40

C **Fm**
A warm dry wind is all that breaks the silence,
G **Am** **Em**
The highways quiet scars across the land.
C **Fm**
People lie, eyes closed, no longer dreaming,
G **Am** **Em**
The earth dies screaming.

C **Fm**
Like scattered pebbles, cars lie silent waiting,
G **Am** **Em**
Oilless engines seized by dirt and sand.
C **Fm**
Bodies hanging limp, no longer bleeding,
G **Am** **Em**
The earth dies screaming.

C
The earth dies screaming
Fm
The earth dies screaming
G **Am** **Em**
Your country needs you, lets strike up the band.

The earth dies screaming
Fm
The earth dies screaming
G **Am** **Em**
Despite all odds we must defend our land.

C **Fm**
Half eaten meals lie rotting on the tables,
G **Am** **Em**
Money clutched within a boney hand.
C **Fm**
Shutters down, the banks are not receiving,
G **Am** **Em**
The earth dies screaming
