

Rainbow Nation  
UB40

Verse 1:

**Am**

In our youthful condemnation the truth speaks for itself

**Dm**

**Am**

That in an hour of darkness, Someone cried for help

So he told a simple story of innocents and lies,

**Dm**

**Am**

How the truth became so twisted, in a single judges eyes.

Chorus:

**Dm**

**Em**

**Dm**

Our brave new rainbow nation, was floating on the tide

**Em**

**Dm**

in a sea of expectation, and a hard won sense of pride

**Em**

**Dm**

but the wave of solidarity, that swept across our land

**Em**

was broken on the rocks left lifeless on the sand

Verse 2:

It all seemed very simple, let the guilty take the blame, we can sing our song of

and put them all to shame. Shine a light into the darkness, let them hear his name, but the

we tried to change things, the more they stayed the same.

Chorus

Verse 3:

And no one else but Tyler knows exactly what this means, He s a man thats dissapearing,

ceasing to exist, and the only contribution that he has left to give, is the simple

story of a life he s never lived

Chorus

(This is my first tab! how is it?)
