Bb Cm
You try to close your ears
Bb Cm
And you try to close your eyes
Bb Cm
But the blasphemies keep coming
Bb Cm
Tempting you with lies

(Chorus)

Eb Bb
Give thanks for you protection
Eb Bb
Your watchdogs of the night
Eb Bb
Who hold the hungry wolves at bay
Eb F F
And keep them out of sight, out of sight

Bb Cm
You just don't understand it
Bb Cm
But it strikes a distant chord
Bb Cm
So you look for away of escaping
Bb Cm
And sanity`s restored

(Chorus)

Eb Bb
Give thanks for your protection
Eb Bb
the watchdogs of the night
Eb Bb
Who hold the hungry wolves at bay
Eb F F
And keep them out of sight, out of sight

Bb **Cm**
You focus your direction
Bb **Cm**
Cloak tightly pulled around
Bb **Cm**
But somewhere in the distance
Bb **Cm**
You can hear a haunting sound

(Chorus)

Eb **Bb**
Give thanks for your protection
Eb **Bb**
the watchdogs of the night
Eb **Bb**
Who hold the hungry wolves at bay
Eb **F** **F**
And keep them out of sight, out of sight

Bb **Cm**
You`re in danger of corruption
Bb **Cm**
And you`re always running scared
Bb **Cm**
You cannot make decisions
Bb **Cm**
You`re completely unprepared

(Chorus)

Eb **Bb**
Give thanks for your protection
Eb **Bb**
the watchdogs of the night
Eb **Bb**
Who hold the hungry wolves at bay
Eb **F** **F**
And keep them out of sight, out of sight
